**September Meeting**

Norton / Cynthiana Grapes and Winemaking Bernard Cleve will give a presentation on Norton/Cynthiana vines and the grapes, plus winemaking. (He did win "Best of Show" at our annual wine fair this year with his Norton.) Cris Hehner will be providing a number of his Norton wines, some experimental and not yet tasted. Sounds interesting. Join us!

**Last Month's Potluck / Pool Party:**

OK, so there wasn't much "pool" to this year's Potluck / Pool Party. What started out as "a little rain" eventually became quite a storm! Luckily, Cris and Heidi had enough room inside their home for all of us to gather comfortably. There was lots of great company, yummy foods, and excellent wines. If you didn't make it, you missed a great opportunity to socialize with other members and share some really great wines and food. Thank you, Cris and Heidi, for sharing your home once again.

**October 20** – Next MWS meeting. Mark your calendars!
